

"Let's Play"

"Let's Play" is a hilarious family show your guests will love!

Follow Yvette and her Puppet Friends and become part of a band, pretend to be a princess/knight from a story book and have a game of "Meow says".

Let Yvette fill your library with people this summer and increase your circulation. Your books will fly off the shelves and your patrons will thank you for planning such an awesome event!

Locke**

AND **her** puppet
friends

"Judging by the line outside the door and the sounds of delight from within, your performance was a terrific success. The children clearly enjoyed your puppets and ventriloquism."

Mary Land, Librarian
Acton Branch - Halton
Hills Public Library

"I was charmed by Yvette and her puppet friends. She manages to draw an audience in with gentle wit and charm. There were many moments of hushed anticipation. Yvette captivates you and then you are "caught under her spell". The genuine love Yvette has for her puppets translates to the audience and you end up loving them all."
